

# Software Engineering Standards in the R Community

by Oliver Keyes, Jennifer Bryan, David Robinson

**Abstract** Oliver's abstract for useR goes here.

## Introduction

Introductory section which may include references in parentheses (R Core Team, 2012), or cite a reference such as R Core Team (2012) in the text.

## Best Practices

A list of practices we check, like

- Tests
- Vignettes
- roxygen2

## Practices in CRAN

Some figures and analyses, like Figure 1.

## Bibliography
